

Major Transitions in Life: Origins and Translation

organized by Chris Kempes and David Krakauer

October 29-30, 2018

Participants

Zachary Adam, *Harvard University*

Kate Adamala, *University of Minnesota*

David Baum, *University of Wisconsin - Madison*

Paul Bracher, *Saint Louis University*

Donald Burke, *University of Missouri*

Christopher Butch, *ELSI / BMSIS / Emory University*

Henderson Cleaves, *Tokyo Institute of Technology*

Mark Ditzler, *NASA Ames Research Center*

Irving Epstein, *Brandeis University*

Stephen Freeland, *University of Maryland, Baltimore County (UMBC)*

Aaron Goldman, *Oberlin College*

Heather Graham, *NASA GSFC*

Marcelo Guzman, *University of Kentucky*

Tori Hoehler, *NASA Ames Research Center*

Wim Hordijk, *Independent researcher*

Betul Kacar, *University of Arizona*

Jun Korenaga, *Yale University*

David Krakauer, *Santa Fe Institute*

Michael Lachmann, *Santa Fe Institute*

Niles Lehman, *Portland State University*

Sarah Maurer, *Central Connecticut State University*

Shawn McGlynn, *Tokyo Institute of Technology*

Michael New, *NASA*

Lynn Rothschild, *NASA Ames Research Center*

Daniel Segre, *Boston University*

David Smith, *Earth-Life Science Institute, Georgia Institute of Technology; SFI*

Alexis Templeton, *University of Colorado*

Michael Travisano, *University of Minnesota*

Lena Vincent, *University of Wisconsin-Madison*

Mary Voytek, *NASA*

Loren Williams, *Georgia Tech*

Boswell Wing, *University of Colorado Boulder*
